TALEEM JO SIRF **DIMAGH** HI NAHI **DIL** **BHI BADAL DE** | MS where Education meets **TARBIYAH**

COLLABORATIVE LEARNING ENVIRONMENT

- Project-based learning
- Mentorship program for Extraordinary students
- Design thinking and mind mapping
- Remedial support for students with different learning abilities
- English proficiency programs “English champs” and “English heroes”

PREPARING GLOBAL IDEAL CITIZENS BASED ON UNIVERSAL VALUES

- Imparting moral and ethical values
- Participation & Performance in World Teen Parliament
- Inculcating self-discipline with Bharat Scouts & Guides Program
- International Toastmasters Gavel Club to promote public speaking & leadership.

TARBIYAH IN ACTION

- Every Teacher is a Nurturer
- Character Building
- Living for Others

MS Creative School emanates an entire education system which caters to the needs of the contemporary society by striking the right balance between secular and spiritual instructions.

SHAPING PERSONALITY

PERSONALITY DEVELOPMENT

The day begins with a prayer of gratitude thanking ALLAH for all his mercies and bounties showered on us, inculcating in the young minds a sense of duty towards the Almighty.

LIVING WITH WISDOM AND PURPOSE

Our students are guided to make responsible decisions, interact respectfully, and handle challenges with patience and sincerity - reflecting values rooted in their faith and Tarbiyah.

MEMORY DEVELOPMENT

Children are great observer and quick learners. They love to recreate the world with their wonderful ideas and skills. We give them a platform to showcase their talents through memory based activities.

SPIRITUAL AND MORAL GUIDANCE

However, spiritual instruction does not end but actually begins here, through various group activities. And during playtime, children learn the requisite social and emotional skills that help build character and teach them the rights and duties towards others.

TARBIYAH BASED EDUCATION

EVERY TEACHER IS A NURTURER

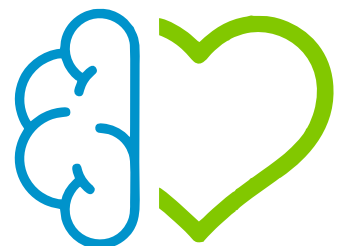

Beyond academics, teachers shape character and instill values.

CHARACTER DEVELOPMENT

Education is incomplete without moral and ethical development.

LIVING FOR OTHERS

True success lies in selflessness, empathy, and service to humanity.

MS

Education is the best gift that parents can give to their child. We believe in Educating a child during its various stages of development while being aware of its motivations and changing interests. Therefore, our philosophy as explained below is obvious right from our intention to the actions of every individual in the organization.

VISION

To consistently develop Muslims as Contributors to the Society, Assets to the Nation and Global Ideal Citizens to please Allah (SWT), till the Day of Judgement.

MISSION

To sincerely fulfill responsibility given to us by Allah (SWT) to Empower humanity and be Accountable.

VALUES

In order to fulfil the purpose of our institution, we promote and practice certain values that must be adhered to by one and all. These are our guiding principles, our work ethics, our identity.

We hold close to our heart the social values of

- ▶ **INTEGRITY**
- ▶ **RESPECT**
- ▶ **COMPASSION**
- ▶ **ACCOUNTABILITY**
- ▶ **EXCELLENCE**
- ▶ **INNOVATION**
- ▶ **SERVICE TO HUMANITY**

CURRICULUM

We laid down three different stages of schooling i.e. foundational stage, preparatory stage, and high school. The above-mentioned stages with their nutshell are discussed below.

FOUNDATIONAL STAGE

Age Group: 3 to 8 years

Classes: Pre-school (3 years) + Grades 1 and 2 The Foundational Years curriculum is designed around play-based and activity-based learning. It nurtures multiple intelligences, supports gross and fine motor skills, and lays the groundwork for cognitive, emotional, and moral development (Tarbiyah). We upgraded the learning center, inspired by Dr. Glenn Doman's research, which ensures a strong foundation through joyful and experiential learning methods that promote early character building and positive behavior.

PREPARATORY STAGE

Age Group: 8 to 11 years

Classes: Grades 3 to 5 The curriculum is aligned to the required 21st-century skills with emphasis on developing skills in communication, critical thinking, collaboration, and creativity, equipping students with media and technology literacy. This stage transits children from play-based to formal learning. Emphasis is placed on language development, numeracy, environmental science, arts, and physical education. The curriculum continues to foster curiosity, foundational academic skills, and Tarbiyah by encouraging respect, responsibility, and social-emotional growth in an engaging and explorative manner.

HIGH SCHOOL STAGE

Age Group: 11 to 16 years

Classes: Grades 6 to 10 In sync with the vision and mission of the institution to prepare world-worthy individuals, the curriculum followed is as per the objectives designed by the government, ensuring high-quality education with critical awareness of the environment. It makes the school a space for reflection, promotes confidence, and integrates Tarbiyah by nurturing ethical values, empathy, and responsible citizenship.

THE 3 PILLARS

COMPASSION

MS has framed such a curriculum for students which can easily show sympathy towards others and understanding the universality of human suffering.

CONDUCTIVE ENVIRONMENT

Our vision is to provide a safe, secured and vibrant learning environment, offering a range of opportunities that are structured to promote excellence, confidence and self-esteem in every child. The curriculum here is engaging, relevant, challenging and significant for learners.

FOCUS ON FUNDAMENTALS

Fundamental rules are laid down to ensure the smooth running of our teaching methodology and to attain the academic goals.

MS ADVANTAGES

TEACHERS

Our educators are highly skilled, compassionate, and dedicated to nurturing well-rounded individuals. With strong expertise in communication and subject knowledge, they serve as mentors and role models, ensuring personalized attention and meaningful engagement.

QUALITY

We are committed to academic excellence and holistic growth. Our curriculum is aligned with NEP and NCF frameworks and enriched with 21st-century skills. It integrates Tarbiyah lessons (character lessons), promoting values such as empathy, discipline, and integrity alongside academic knowledge.

DEEN AND DUNIYA: A BALANCED APPROACH

A core pillar of our institution is the integration of Deen and Duniya. We aim to cultivate students who excel both spiritually and academically. Through an exceptional Deeniyath curriculum, learners gain a deep understanding of Islamic values, practices and principles - instilling Taqwa, Ihsan, and a strong moral compass. Our approach ensures students are prepared to navigate modern life while remaining rooted in faith and ethics.

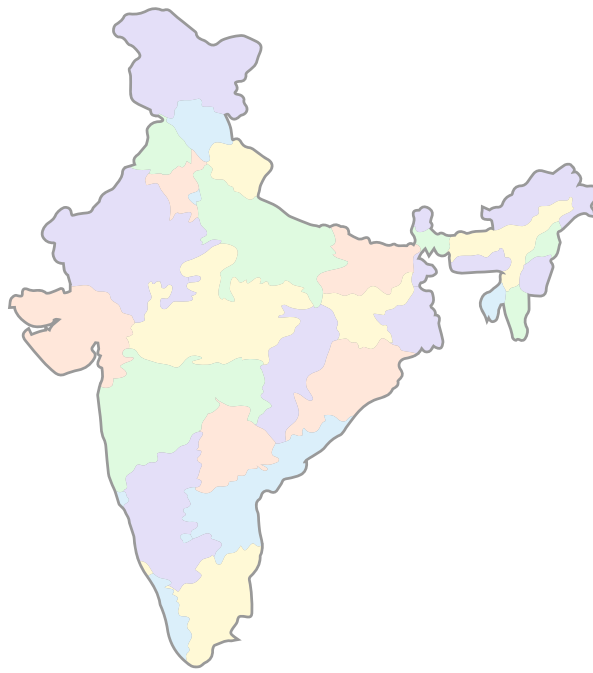

SMART WORK

We've established smart module zones to enhance learning through audio-visual tools and interactive methods. These spaces support diverse and developmentally appropriate content that stimulates each child's innate curiosity, critical thinking, and love for learning.

ENLIGHTENING CHILDREN THROUGH ACTIVITIES THROUGHOUT THE YEAR!

Children by nature are very inquisitive and constantly exploring their environment. There are loads of activities as well as opportunities for them, both within and outside the classroom, to observe, question, experiment and seek answers.

 Akhlaaq Show	 National Festivals	 Sports Day
 Memory Development	 Environment Day	 Field Trips
 Quiz Competitions	 Dream Big	 Charity Campaigns
