Chairman's Message

Dear Students, Parents, and Well-Wishers

It is a privilege to welcome you to MS Junior College, where we are dedicated to nurturing our students and shaping their character, preparing them to thrive in a constantly changing world while staying rooted in our values and culture.

Our mission is to offer the finest educational opportunities to our brightest and most deserving students, empowering them to pursue professional courses and contribute meaningfully to community development. We understand that entrusting your child's education to us is a profound responsibility, one that requires the full support and collaboration of everyone involved.

Our commitment to excellence has produced outstanding results, including numerous state ranks in Intermediate Board Examinations and top ranks in competitive exams like IIT-JEE, NEET, EAPCET, CA Foundation and CLAT. Many of our students have progressed to prestigious institutions of national repute.

*With thirteen branches across Hyderabad in Telangana, we proudly offer accessible, high-quality education that combines modern knowledge with value-based learning rooted in **Tarbiyah** the holistic development of character and morals. Our aim is to build confidence, foster academic success, and transform our students into global citizens of integrity and distinction.*

Mohammed Lateef Memory Khan
Founder, Trustee & Chairman

Welcome to MS Junior College

MS Junior College is dedicated to providing high-quality education for Intermediate students, helping them succeed in a competitive world. With over 34 years of experience in Teaching, we mould the students to pursue their education in top universities and professional colleges, serving as a robust career Launchpad.

Our professional faculty is committed to teaching and can make even the toughest topics accessible and engaging. We emphasize successful study habits as both effective learners and self-confidence builders. Each of our faculty members is selected to meet the diverse needs of our students.

Over the years, we have consistently produced outstanding results with numerous state ranks in various examinations, ranging from Intermediate Public Examination to competitive examinations like: NEET, IIT-JEE, EAPCET, CA Foundation, CLAT & Civil Services. Our innovative and effective approach to learning empowers students to excel and compete at national level.

At MS, we are fostering the community of unstoppable learners, fuelled by curiosity, inspired leaders, driven to make a difference, determined individuals realizing their full potential and future-ready trailblazers shaping their own paths.

TARBIYAH BASED EDUCATION

Every Teacher is a Nurturer: Beyond academics, teachers shape character and instill values.

Character Building: Education is incomplete without moral and ethical development.

Living for Others: True success lies in selflessness, empathy and service to humanity.

Why study MPC?

(Maths, Physics, Chemistry)

Namal (MPC + IIT MAINS/ADVANCED)

Career Options in MPC:

Engineering | Architecture | Information | Technology | Biotechnology | Academics & Research

Our MPC program is named NAMAL ►► *Namal is an Arabic word for Ant.*

Ants are known for their dedication, courage, discipline, team work, persistence, perseverance, diligence, industriousness, social concern and an innate sense of Engineering. They have the ability to carry things up to 50 times their own body weight and construct colonies up to 100 km wide. An engineering aspirant needs to have all or many of these attributes to be a successful engineer. He/she has to work dedicatedly to make his/her contribution to the society with his/her specialized skills.

With Mathematics and Science at the core, an Engineering aspirant also needs to excel in Analytical Ability, Logical Reasoning and out of the Box Thinking. Rich Imagination and a Strategic Mindset are often seen in students opting for Engineering stream at MS Institutions. Here, their hidden talents are unfurled and their raw skills are honed and polished with precision under the expert guidance to make student an asset to the society.

Combinations Offered @ MS:

1. NAMAL 01 MPC (Intermediate + IIT-JEE- MAINS / ADVANCED)

Students desirous of opting for this course should have unwavering passion, loads of talent, innovative mindset, unfaltering commitment, and a willingness to exert extensively because the curriculum demands it.

Step 01: Lakhs of students appear for JEE-MAINS Examination.

Step 02: Only top 2 to 2.5 Lakhs students who appear for JEE-MAINS will qualify to appear for IIT JEE-Advanced Examination

Category wise All India Ranks (AIR) are given to students who appear for IIT-JEE (Advanced), subject to condition that such candidates are in the top 20 percentile in their respective Boards. Out of this only 17,740 would be absorbed into the IITs, while the number of seats in NITs, IIITs is 24229 & 8546 respectively.

The main objective of the IITs is to prepare competent engineers and scientists.

They focus on:

- ◆ BUILDING A STRONG FOUNDATION OF SCIENTIFIC & TECHNICAL KNOWLEDGE
- ◆ PROVIDING AN ENVIRONMENT THAT INSTILLS COMPETITIVE SPIRIT AMONG PEERS
- ◆ ALSO KINDLE ENTREPRENEURIAL STREAK IN STUDENTS

2. NAMAL 02 MPC JEE-MAINS (Intermediate + JEE-MAINS/ADVANCED)

This is a comprehensive course designed to tap the hidden potential of the student through long term intensive coaching that stresses on conceptual understanding, logical reasoning and analytical ability. As a part of this program, students are given assignments regularly and are put through rigorous tests conducted periodically, which prepares them to crack any Competitive Exam like JEE MAINS/ADVANCED, BITSAT, VITEEE, UCEED, Manipal Entrance Test, SRM JEE, etc. easily.

3. ZAFRAAN MPC JEE-MAINS (Intermediate + JEE-MAINS/EAPCET)

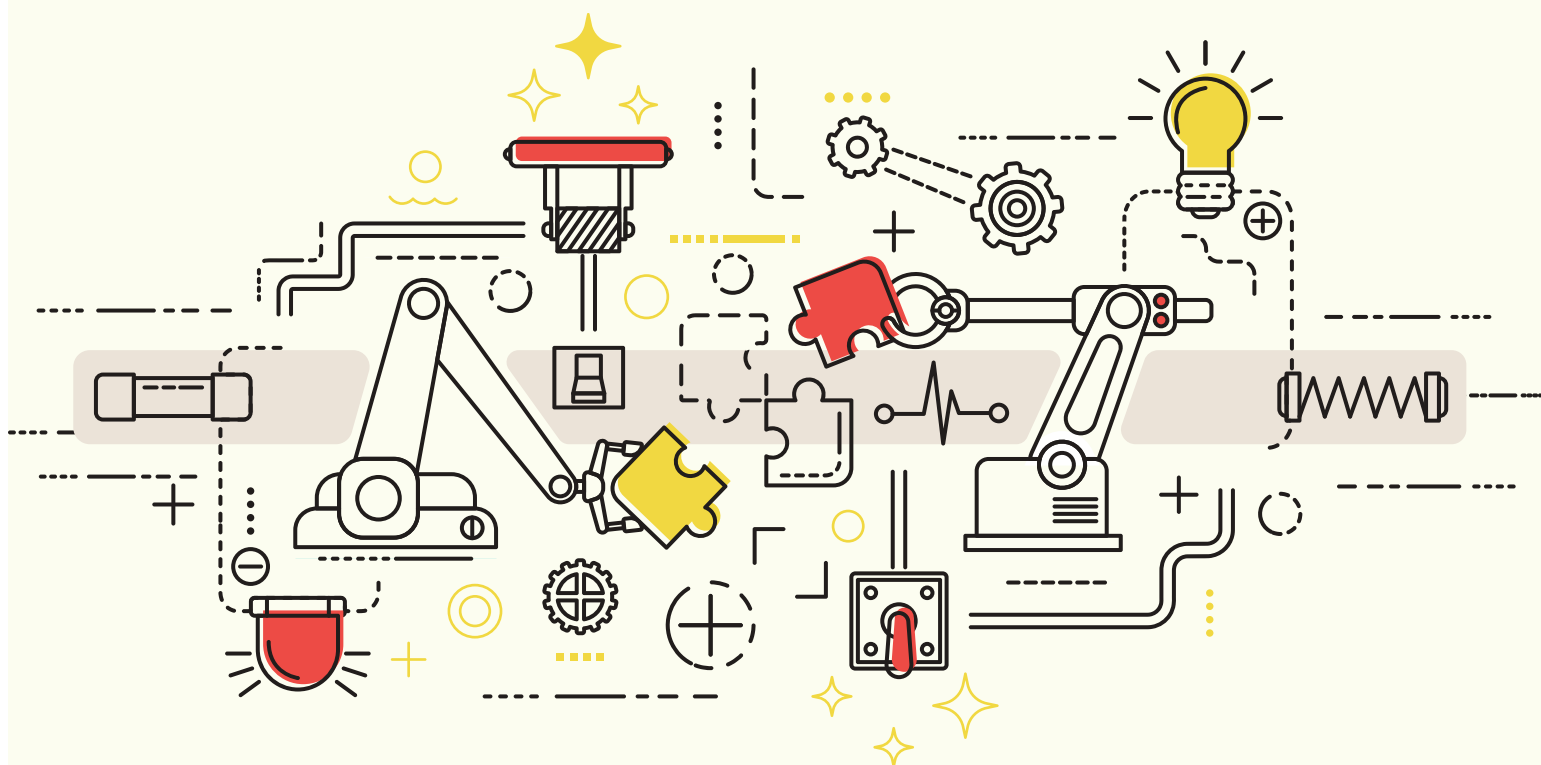

This course is specially designed for students who are aiming to join the Government and Private Engineering Colleges of Telangana. The students in these batches are exposed to the test patterns of both JEE-MAINS / EAPCET in alternate weeks. Consequently, the students asked to write two tests based on the MAINS pattern and two tests based on the EAPCET pattern in a month.

4. AMBER MPC EAPCET (Intermediate + EAPCET)

This course is designed for students who are aiming to join the Government and Private Engineering Colleges of Telangana. The students in these batches are exposed to the test pattern of EAPCET only. Consequently, the students get to write all the four tests based on the EAPCET pattern only.

5. UHAD MPC (Regular Intermediate)

This course is focused only on the Intermediate syllabus designed by the Board of Intermediate Education to help the students concentrate on one thing at a time. Students can either take the competitive exam the following year or choose to pursue courses outside of Engineering

Why study BiPC?

(Biology, Physics, Chemistry)

Nahal - (BiPC + NEET/EAPCET)

Career Options in BiPC:

M.B.B.S. | B.D.S. | Alternative Medicine (AYUSH) | Veterinary Sciences | Agriculture Sciences
Pharm. D. | B.P.T. | Pharmacology | Paramedical Courses | Biotechnology
Biochemistry | Nutrition & Dietetics/Genetics | Dairy Sciences | Clinical Research.

Our BiPC program is named NAHAL ► *Nahal is an Arabic word for Honey Bee.*

Honey Bees are undoubtedly the most hard working creatures who live in colonies (beehives) and help each other in everything, be it producing honey or carrying pollen from tree to tree. They have a sense of direction, sense of identification and diagnosis, they have a perfect communication system. They are helpful to mankind in many more ways than just producing honey and bee wax. They are environment friendly and above all appreciated by the Allah (SWT).

A doctor needs to follow their example and commit himself/herself to serve mankind. At MS institutions, medical aspirants are inspired and motivated to give utmost importance to community service through the use of State-of-Art Technology.

They are encouraged to be good human beings first and the best doctors next, to be a winner in this life and in the life hereafter. Good etiquettes and a sense of responsibility is instilled into them **in the light of Islam and Tibb (medicine)**, besides training them for one of the most challenging Entrance Test (NEET).

NEET is a national level medical entrance examination in India. Introduced in 2013 by central board of secondary education, as an attempt to unify all the medical entrance examinations across the country.

Features of NEET:

- ♦ Syllabus is as per the 11th and 12th class of NCERT board (National Council of Educational Research and Training)
- ♦ Exam will be concept oriented
- ♦ The total duration of the exam will be 180 minutes (3 hrs)
- ♦ The question paper will consist of 180 compulsory questions
- ♦ Scheme of Marks: +4 for every correct answer; -1 for every incorrect answer

Advantages of NEET:

- ♦ Single medical entrance test for all medical colleges
- ♦ It covers all the medical colleges throughout the country
- ♦ It is aimed at eliminating the hardships caused to the students due to countless Entrance Test
- ♦ Examinations conducted by every college / University for medical admissions
- ♦ It will save time and money of the students
- ♦ 4% reservation policy for Muslim minorities will remain same in Telangana

Combinations Offered @ MS:

1. NAHAL 01. BiPC –NEET MERIT Fast Track Batch (Target AIIMS)- Intermediate + NEET/ Integrated

This course is designed for students who are go-getters and have the talent & passion to succeed along with a strong academic foundation. All efforts are put in to fulfill the quest of these students and ensure that the result is as desired. Needless to say, students in this stream can get a seat in any of the top medical colleges in India like AIIMS, JIPMER, A.F.M.C., C.M.C. and top Government Colleges of Telangana.

2. NAHAL 02 . BiPC– NEET FTB (Intermediate + NEET Integrated)

Sensing the extreme difficulty faced by average but hardworking learners in getting through Medical Entrance Examination and getting a seat in M.B.B.S., B.D.S. or any other allied courses like AYUSH (Alternative Medicine), B.H.M.S., B.U.M.S., B.A.M.S etc, a special and meticulously planned program is designed for these batches. Once through this course, the confidence level of the students soars up to unprecedented levels. Expert coaching and professional guidance offered are the salient features of this stream.

3. ZAITOON - BiPC – (Intermediate + NEET/EAPCET)

A specially designed program helps the students opting for this batch to target courses like B.V.Sc., Pharm.D, B. Pharmacy, B.P.T., B.Sc. (Agri), Veterinary Sciences, etc. by preparing them to appear for NEET as well as EAPCET.

4. QUBA - BiPC –Regular (Intermediate)

This course is focused only on the Intermediate syllabus designed by the Board of Intermediate Education to help any average or weak student concentrate on one thing at a time. Students can take competitive exam next year or simply pursue courses other than Medicine like B.Sc. Bio Technology, B.Sc Food & Nutrition, B.Sc. Genetics, B.Sc. Microbiology etc.

Why study MEC?

(Mathematics, Economics, Commerce)

Jamal - (MEC + CA Foundation)

Career Options in MEC:

Financial Accountant | Auditor | Cost Consultant | Tax Consultant
Planning & Management Consultant | Legal Consultant

Our MEC Program is named JAMAL ►► *Jamal is an Arabic word for Camel.*

Camels are the most reliable and dependable animals. They support humans in the worst of climatic conditions. They were the dominant means of transport in the caravans because they could carry substantial loads over long distances without food and water for days (exemplifying maximum efficiency /utility) and also served as a source of food and water in emergencies. A Chartered Accountant is a similar trustworthy and well-grounded asset to society, the best friend to rely upon; knowing all the intricacies and legalities of business. They not only help in the growth of the business but also save a business from many pitfalls.

Hence our institution works in the direction of producing some of these assets of the community also. In our MEC / CA Program, we train our students to be able to clear CA Foundation Examination with ease and pursue Chartered Accountancy afterwards. They are taught to make life easier by showing them the right ways of earning, saving, donating while saving, businesses and individuals from the trap of debt, loans, insurance, etc. At MS institutions, they are motivated to learn the system of Modern Financial Accounting, Taxation, Financial Statements like balance sheet, income statement of the company Etc. **Along with the Laws of Islamic Sharia** which makes it a perfect blend to provide the right solution to the community.

About CA

One of the most sought after professional courses for Commerce students is Chartered Accountancy, Chartered Accountants are in great demand in the current rapidly growing Indian Economy. In any organization, Chartered Accountants occupy a high and respectable position. The accounts of all companies, big or small, have to be audited and attested by a CA. Without an attestation from a Chartered Accountant are not accepted by any Government Department. A CA is responsible for handling accounts and financial matters, deals with money management, prepare, analyze and audit accounts besides providing financial advice. It is the backbone of the financial regulatory system of the country.

The CA Advantages

1. During the period of recession, the profession of Chartered Accountancy which is free from the vagaries of the Economy remained unaffected. In fact you do not even need to look for a job after qualifying as a CA; you can start working independently and start your own firm. With the competence and experience gained during Internship, one can steadily gain clients and establish himself/herself soon.
2. Every establishment working in the public domain needs the services of a CA, be it a pharmaceutical, engineering, medical or any other.
3. It is not market dependent.
4. Even an unsuccessful student of this career (Semi qualified CA) draws a higher salary than any professional of other streams.

THE CA FOUNDATION:

The CA Foundation test is the entry level test conducted by the Institute of Chartered Accountants of India (ICAI) for the CA course.

Eligibility: Students can register for CA Foundation after passing in class 10 and appear in foundation exam after qualifying in the class 12 examinations.

Note 1: After appearing for the 12th class final examinations [Results awaited].

The Exams during CA Program:

The Chartered Accountancy program is a 3.5 years course. It has three stages - Foundation, Intermediate and Final. To clear each one of them, a student has to take the following exams - CA Foundation Exam, CA Intermediate Exam & CA Final Exam.

Note: 2:

It tests students in four subjects:

- PAPER-1: Principles & Practices of Accounting
- PAPER-2: Business Law (B.Law)
- PAPER-3: Quantitative Aptitude (QA)
- PAPER-4: Business Economics (BE)
- Each Paper Carries 100 Marks
- Each paper Exam is scheduled on four different dates
- PAPER I & PAPER II are Descriptive (No negative marking)
- PAPER 3 & PAPER 4 are objective (Negative marking applies)

Qualifying Criteria:

- Score at least 40% marks in each paper
- Achieve a minimum of 50% marks in aggregate [200/400]

Combinations Offered @ MS:

1. ZAM ZAM MEC [CA] (Intermediate + CA Foundation)

An ideally designed curriculum based on intensive and exam oriented coaching is the key feature of this program. Adequate classroom practice with time management and memory tips is given to the students during the classes. It is made sure that the strength of this batch is capped at a level that enables one to one interaction.

Why study CEC?

(Commerce, Economics, Civics)

Career Options in CEC:

Legal Practice | Business Manager | Entrepreneur | Research Scholar
Administrative Jobs | Financial Accountant | Academician

YAQUT [Intermediate + CLAT (online)]

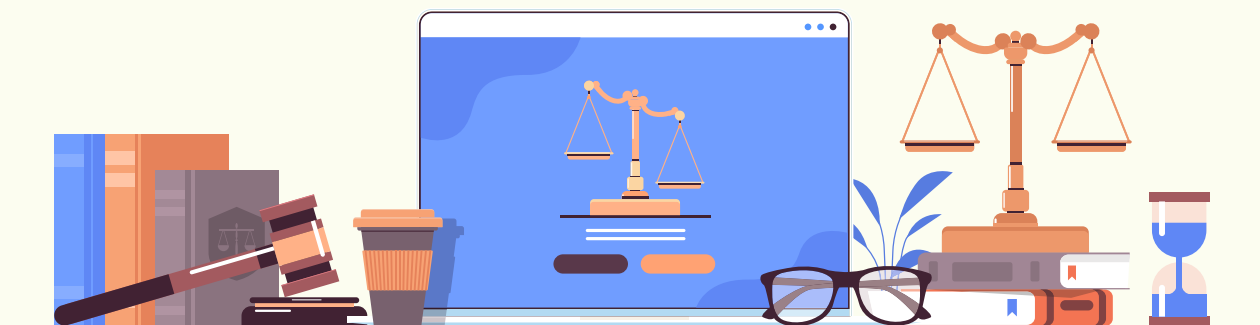

Combinations Offered @ MS:

1. YAQUT CEC + Common Law Admission Test [CLAT] (Intermediate + CLAT)

CEC + Common Law Admission Test [CLAT]

Students interested in pursuing higher education in Arts and Humanities will find this stream an appropriate platform to reach their goal. It gives students a wide range of Humanities subjects and is best suited for those who have an inclination towards Civil Services (IAS, IPS, IFS, IRS, etc.) Law, Academics (both teaching and research), BBA, MBA, a bachelors in Human Resource Management, ICWA, Group Exams, Company Secretaryship, Entrepreneurship and Administration.

Students taking this course have plethora of options ranging from CIVIL SERVICES to LEGAL SERVICES to other high paying careers. They often go for LLB, MBA and explore in Sales, Marketing, Finance, HR and many other industries. As they grow in careers based on Economics and Commerce, they become very good managers and Business Experts. The best part is that they get time to plan their lives and explore their hobbies to make a living out of passion.
